

OWN YOUR ONLINE ORDERING EXPERIENCE

Online ordering built for growth.

LINGA Online Ordering lets restaurants design the look, feel and flow of their online ordering, creating a branded experience that drives more orders across mobile and web while expanding their audience.

MOBILE ORDERING PERFORMANCE

Built for modern customer expectations

A mobile experience optimized for speed, clarity and repeat purchases. Orders arrive organized and digital with no manual entry, reducing errors during rush periods.

ONLINE REACH

Expand your brand with web-based ordering

Turn your website into another revenue channel. Guests browse your menu, place orders and customize items on any device. Broaden your reach without opening new locations, with faster setup, guided menu programming and real-time updates.

SMART MENU MANAGEMENT

Tools that make digital menu management simple

Digital menu management

Menu rules for cut, modify and serving sizes that protect order accuracy and reduce remake costs.

Service area & controls

Define delivery zones and control which items are available by time, location or order volume.

Flexible ordering schedules

Set service hours, adjust timing, and pause orders so online demand matches kitchen capacity.

ONE ORDERING PLATFORM

A unified system for ordering and operations

Online Ordering syncs orders, menus and customer data across the full LINGA ecosystem, cutting manual work and strengthening customer relationships with automated engagement tools.

- ✓ Unified online ordering
- ✓ Centralized menu control
- ✓ Real-time order sync
- ✓ Integrated customer data
- ✓ Scalable demand support

One local contact

Install, menu build, training and support from someone who answers.

Straightforward terms

No surprise auto-renewals and no rates quietly nudged up after you sign.

Payments, handled

Card processing set up with your Linga system through NCS Pays.
