

ONE CONNECTION FOR EVERY DELIVERY PLATFORM

Delivery apps, straight into your POS.

Order Connect is a LINGA managed service that connects third-party delivery providers directly to your POS. Orders, menus and delivery workflows run through a single system, so you keep control across every delivery channel.

SIMPLIFIED DELIVERY OPERATIONS

Spend less time managing platforms

Order Connect routes delivery orders directly through your POS, eliminating manual entry and reducing the need to manage separate devices. One centralized workflow lets staff focus on fulfilling orders.

CONSISTENT ORDERING ACROSS EVERY CHANNEL

Keep menus and orders accurate everywhere

Manage pricing, availability and modifiers through your POS, keeping ordering accurate and consistent across every delivery channel instead of updating each platform by hand.

TOOLS BUILT FOR DELIVERY MANAGEMENT

Designed for multi-platform ordering

Multi-platform integration

Connect delivery providers through a single POS-driven integration managed by LINGA.

Real-time menu sync

Manage pricing, availability and modifiers in your POS and keep delivery channels on the latest menu.

Automated order flow

Orders move directly into your POS, reducing manual entry and supporting consistent accuracy.

ONE LINGA DELIVERY PLATFORM

Take control of delivery without adding complexity

Order Connect brings delivery into one centralized workflow, improving visibility, reducing friction, and creating a consistent experience across every ordering channel.

- ✓ Centralized order management
- ✓ Real-time menu sync
- ✓ Automated order flow
- ✓ Delivery channel visibility
- ✓ Managed integration support

One local contact

Install, menu build, training and support from someone who answers.

Straightforward terms

No surprise auto-renewals and no rates quietly nudged up after you sign.

Payments, handled

Card processing set up with your Linga system through NCS Pays.
